Business Strategy | Data Analysis | Market Research | Project Planning | Risk Assessment | Financial Modelling | Business Report | Portfolio Evaluation | Quick-sight | Python | SQL | ETL Process | Tableau

Experience

Amazon

Retail Vendor Manager: (2025 - 2026) *(pkadeves@amazon.co.uk)*

- Owned end-to-end vendor relationships for COTY & Interparfums across EU9, driving **$**23M annual revenue (+34% YoY) through assortment, pricing, and promotional strategy.
- Incubating new launched MP for clients as IE, SE, PL & NL across to develop go to market strategy and achieving profitability. Performed weekly competitive pricing analysis across key ASINs, maintaining 88% price competitiveness while protecting 45% Net PPM threshold, analysing market trends and competitor launches, providing strategic recommendations that influenced COTY & IP product roadmap for FY26.
- Expanded brand selection by 13.8% through strategic brand & selection launches across key fragrance categories as Roberto Cavalli, Rimmel Selection resulting in $178K incremental OPS and +211bps improvement in Net PPM. Conducted gap analysis identifying high-potential SKUs for EU marketplace expansion, projecting €50K+ monthly OPS uplift.
- Led major promotions (Prime Day, BFCM, Lightning Deals), driving $6.2M deal OPS, +68% conversion, and $476K+ profit uplift through improved funding efficiency (-2.1% CPA, +13% units).
- Partnered with COTY marketing to optimise A+ content and Brand Stores, increasing conversion by 34% and generating £72K+ monthly OPS; delivered $1.2M+ Q4 campaign OPS, exceeding targets by 22%.

Business Analyst Intern : (2024 - 2025)

- Developed comprehensive EU Themes Dashboard and automated ETL reports for Merch on Demand, reducing weekly sales deep-dive time by 1 hour and enabling identification of 18 main events/themes contributing to +$20M in OPS with +21% YOY growth.
- Developed Global dashboard for Strategic Partners (Disney, Netflix etc.) with $320M revenue in FY24 to track & provide insights to sales, returns, promotions & royalties information in an easy to digest way increasing transparency, build trust and bring alignment.
- Conducted price elasticity analysis for EU Merch products, projecting potential uplifts of 9-13% in unit sales for key markets (UK, DE, FR) with strategic price adjustments with projection of $5.2M in FY25.
- Led EU Merch Winter Selection Propagation project, identifying opportunity to propagate 181K top-selling product designs to Winter Categories, projecting monthly OPS increase of up to $661K in Q4 FY 24 with $1.6M projection in FY 25.
- Analysed product performance, uncovering key issues in search traffic and selection, and proposed strategic initiatives leading to +2% vs goal achievement - increment of $560K in Q3-Q4 in FY24.
- Conducted analysis of high return rate of +28% YoY in Q2. Created a reporting mechanism to identify non-compliant product leading to removal of an average 8K products wk with a -9% return rate in Q3 preventing $340K of loss.
- Built FY25 EU MoD financial forecast ($286M) and translated it into 15.3M-unit operational plans, enabling labour planning, inventory optimisation, and capacity improvements across the manufacturing network.

Customer Service Specialist : (2022 - 2022)

- Delivered high-volume customer support across Prime and IMVT services, improving CSAT by 20% and strengthening fraud detection.

National Service Scheme India (NGO) – (*Voluntary Work)*

Media Manager : (2018 - 2020)

- Led digital marketing and partnership initiatives, growing organic social reach by 120% and increasing community engagement.
